www.RiversideSnowmobileClub.ca

To all Riverside S.C volunteers, from our executive, to our trail workers, to our club house events folks, to our groomer operators, we welcome you to the 2012-2013 snowmobile season with open arms. Consider this your personal invitation to buy a 2012-2013 permit to enjoy our trails and over 30,000 km of OFSC trails. By purchasing your permit, you will have the most fun you can have in winter, with all trails leading to our warm and friendly club house.

We saw some exciting things happen last season. In

February, the Intrepid Snowmobiler, Craig Nicholson and the team from SnoGoer Magazine toured in Riverside and stopped for

breakfast on Sunday morning. Watch for Craig's story in the fall issue of SnoGoer Magazine.

The 2011-2012 season saw the debut of our BR180

and MTN drag on our trails. Congrats goes out to Gerry and Kraig, our operators, for ensuring we had some of the best

groomed trails in Eastern Ontario. In total Gerry and Kraig logged over 350 hours grooming Riverside trails last season.

The club also introduced our new logo last season.

The logo will appear on all our newsletters and web pages as well as a new line of merchandise which will soon be available. Stay tuned for more details.

For the 2012-2013 Season, there are some new programs being sponsored by District 1 Snowmobile Assoc. First is the **Young Gun 323 Volunteer Program**. If you are between the ages of 12-23, hold a valid drivers licence or MSVA Operators card, why not volunteer some time with the club. The top 3 volunteers in the District will win a new snowmobile jacket from Choko Canada. Not only will you look great but you will have helped to sustain snowmobiling in Ontario.

The 3rd Annual Show'Em What You've Got Snow Show is scheduled for Oct 20, 2012. The club has worked hard this year to get as many exhibitors to attend and show off their vintage sleds, race sleds as well as new sleds. Plan to attend and while you are there, purchase your 2012-2013 Trail Permits.

Trail Report

We have an ambitious works program scheduled for this fall and we will need enthusiastic volunteers if we hope to be ready for the first snowfall. Our plans include the replacement/repair of 3bridges and brush cutting on a number of trails. And of critical importance is the yearly installation of the trail signage which is mandatory before any trails can be opened. As permit buyers we all want early open trails and with your help we can be ready for that first snowfall. **If you would like to help with any of these projects, please complete the volunteer form on the web site and we will contact you.**
